

# to the moon and back

## Paper + Cloth

'To the Moon and Back' is a sentiment-driven collection with a subtle and dreamy celestial mood, a beautiful collection of gender-neutral prints featuring loving and playful parent and baby elephants, constellations, soft stripes and starbursts.

In a warm and comforting palette of buttermilk, soft sage, ethereal blue and cozy neutrals, these prints are perfect for projects celebrating a new arrival and those moments spent snuggling up with a little bundle of joy.
